

## Missional Practices A WBA Training Event

After being exposed to the core concepts of the missional movement, many people ask, "What does this look like for my church?" How do the theories and concepts translate to real-world ministry? In this course, we will examine how mission informs how we connect with people, develop leaders, and build teams. Additionally, we will examine core missional environments that harbor and sustain growth, and seek to develop action plans to begin seeing these environments take shape in our own unique context.

### Topics to be covered:

- Connecting people to the mission
- Developing leaders for mission
- Understanding how to build an adaptive organization
- Exploring the core pieces of a multiplying movement
- How to create and sustain an empowering environment

**Class Date and Time:** Tuesday, September 21, 2010  
9:00 am – 3:00 pm  
WBA Training Room

**Cost:** \$10.00 (member) \$20 (non-member) – Includes Lunch

Kyle serves as lead pastor of Resonate Community Church, which he planted in 2006. Kyle has been a church planter for eight years, working in the DFW and Austin areas, with a focus on developing missional churches. Resonate Community Church has received the Community Service Award from the city of Hutto for its work with Orange Santa, a Christmas toy drive with the Hutto Police Department. Resonate has proved to be a valued asset within the community by adopting Elementary Schools, leading in new community service opportunities, serving on City boards and commissions, and organizing volunteers for Hutto area special events.
